Your focus on required masks is right-on for literally saving lives, especially for the 910,000 Coloradans who are high-risk by age, and 100,000s more who have a medical condition, from asthma and diabetes to cancer and COPD. Ideological opponents to simply wearing a mask may well be hospitalizing or killing their own community members and neighbors. See a nationwide review at https://lnkd.in/g_3BKUa
